

REWRITING

GOD'S PERFECT TIMING OVER DELAYS

After 13 years of living with the effects of betrayal, temptations, accusations and abandonment, Joseph's time has come. Life can change in a moment. Nothing in our past is wasted as God can use it for our future. Suddenly one morning, Joseph is awakened, bathed, dressed and taken to see Pharaoh. As his eyes adjust to the lights of the throne room, he hears about Pharaoh's troubling dream and the fact no one can understand it. Joseph interprets the dream in a way that not only makes sense to Pharaoh but gives him peace. There will be seven years of great abundance in the land followed by seven years of famine. God was sharing

the future so Pharaoh wouldn't waste the abundance, but save it to prepare for famine. Knowing that he needs someone he can trust to lead this great process of saving and sharing, Pharaoh chose Joseph. At that moment, Joseph's dream was beginning to be realized. Joseph becomes the second most important person in the land and people will be bowing before him. Pharaoh gives him a new robe, a ring and a family. The names of his two sons are Ephraim and Manasseh. Their names mean 'twice blessed' and "God has taken the sting out". After a long season of waiting, God blessed Joseph and took the sting out of the pain of his life.

REMEMBER

Thank God for the moment in your life when your circumstances changed quickly for the better.

Where has God's presence surprised you the most?

Take time to give thanks
